

Fiscal Year 2023

Mohave County – Sawmill RV Park/Staging Area Development

Award	Match	Total
\$267,594.00	\$10,000.00	\$277,594.00

This project will develop an OHV Staging area and RV Park in the Hualapai Mountain Park. The staging area will provide connections to an extensive network of trails and facilities including the Arizona Peace Trail. Funds will be used to complete cultural and environmental surveys and planning and design.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Coconino National Forest: Red Rock Ranger District – OHV Program Development

Award	Match	Total
\$243,360.00	\$71,147.00	\$314,507.00

Project will complete the following tasks:

- Hire USFS OHV Staff
 - Hire 1 GS 6/7 OHV Lead
 - Hire 2 GS-5 temporary employees.
- To coordinate on the ground efforts with our OHV cooperators, educate and enforce OHV regulations, provide ground operations maintenance of system routes and restoration projects.
 - Grow volunteer program.
- Work with RROCC and Tread Lightly to broaden the outreach of public volunteer events and encourage more engagement from public community members, stakeholders, and OHV user groups.

- Schedule ~20 work events and public outreach days on a biannual basis to address maintenance needs and better educate OHV users on Tread Lightly and Leave No Trace ethics

Apache-Sitgreaves National Forest, Springerville Ranger District – Law Enforcement Equipment

Award	Match	Total
\$100,000.00	\$5,000.00	\$105,000.00

Awarded grants funds would be utilized to purchase a crew style enclosed UTV with LE package including seats, roll cage, suspension, doors and other necessary accessories, a crossover style snowmobile for winter recreation patrols, a tilt bed hauling trailer that will serve a dual purpose for transporting both the UTV and snowmobile, and all required personal protective equipment for up to two Forest Protection Officers. With limited law enforcement resources, this would enable the Forest Protection Officers and Law Enforcement to work collaboratively to enforce OHV regulations and establish vitally important opportunities for outreach and education. A portion of the awarded grant funds will also assist in ensuring overtime hours are paid to personnel required to work in those high demand areas and times.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Bullhead Police Department – Law Enforcement Equipment

Award	Match	Total
\$100,000.00	\$5,100.00	\$105,100.00

The City of Bullhead City Police Department will utilize the funds to purchase two (2) side by sides Off Highway Vehicles (OHV's) fitted with emergency light package. These OHV's will be utilized for the purpose of educating the public on Arizona Off Highway Vehicle Laws and safety as well as enforcement of Arizona off highway regulations.

The City of Bullhead City is also planning on a OHV Stage, this will increase traffic and usability. Additionally, it is important to keep in mind that the trails within the City are high volume Off Highway Vehicle areas partially due to the many Off Highway Vehicle adventure rental companies in the area. This project will also include assisting regional partners with additional OHV enforcement operations and public educational opportunities.

Coconino National Forest: Red Rock Ranger District – Law Enforcement Equipment

Award	Match	Total
\$93,040.00	\$59,900.00	\$152,940.00

Coconino National Forest: Red Rock Ranger District is requesting funds to purchase the following items to help with OHV law enforcement, environmental resource protection, user education, and community outreach.

- 1 Law Enforcement side by side
- 3 Law Enforcement dirt bikes
- 1 Law Enforcement trailer
- 10 Traffic Counters
- 10 Trail Cameras
- 3 Radios
- USFS OHV Enforcement Uniforms
- OHV Enforcement PPE (helmets, gloves, pads, riding boots, long sleeves, long pants)

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

City of Peoria Police Department – Law Enforcement Overtime

Award	Match	Total
\$30,000.00	\$1,580.00	\$31,580.00

North of the Vistancia Community

South of Carefree Highway East of Lake Pleasant Pkwy

The Peoria Police Department requests grant funding through the Law Enforcement Grant for overtime details for Off Highway Vehicle (OHV) patrols. These patrols are dedicated to protecting the Peoria desert areas consisting mostly of State Trust land, through education of the OHV laws. If the Peoria Police Department is awarded this grant, it would be utilized for desert patrols. The priority is to educate individuals on how to utilize the land responsibly through State Trust land regulations, state laws, and city codes. The Off-Road Program’s goal is to preserve these lands so they can be used for generations to come.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Pinal County Sheriff’s Office – Range Patrol OHV Equipment

Award	Match	Total
\$100,000.00	\$5,250.00	\$105,250.00

BACKSIDE OF MT LEMMON/ORACLE AREA

COKE OVENS TRAIL

Pinal County Sheriff’s Deputies are experiencing an influx of 9-1-1 generated calls for service in the Public Lands areas. Due to this influx the Pinal County Sheriff’s Office has created a Range Unit to deal with the issues of the Public Lands, OHVs and Grazing Range. This unit will utilize a 3-step program to help combat the issues we are now faces with.

- Education- Range Deputies will hold education programs for the public, through on-site Staging education. Schools, Rental Agencies. We are partnering with AZGFD OHV, BLM and USFS LE Officers to join them in combined education programs.
- Patrol- Range Deputies alone, and in, multi-agency details, with the above-named agencies will conduct on site patrol on a consistent basis for visibility, to educate and to warn.
- Correction- Range deputies with utilize corrective citations, and enforce directly, Arizona Revised Statute Titles 3,17,28,13 on all public lands and OHVs

The Pinal County Sheriff's Office Range Patrol Unit is asking for a Grant in the amount of \$100,000. As a new specialty Law Enforcement Unit within the Pinal County Sheriff's Office and dedicated to a patrol area of approximately 1179 sq miles of Public Lands/OHVs. This money will be used to purchase the following:

- 2 LE packaged side by sides, All safety equipment "four-point harness, roll cage upgrade, fire suppression system, LE custom seats"
- 2 transport trailers

These vehicles will be specifically tasked with, and a critical part to onsite Law Enforcement Saturation Patrolling, education and visibility on Pinal County OHV areas and Public Lands.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Show Low Police Department – Law Enforcement Equipment and Overtime

Award	Match	Total
\$100,000.00	\$5,225.00	\$105,225.00

Primary focus will be achieving the following goals:

1. Obtain a side by side to support police operations in remote areas of the city of Show Low including forest areas.
2. Fund two 10-hour patrol shifts to be conducted in a two man unit each month for one year to patrol remote areas in Show Low, AZ.

Objectives for the use of a side-by-side UTV:

- To increase public trust and legitimacy through additional response capabilities during major events and incidents, including Unified Command during wildfire NIMS activations.
- To increase police response capabilities to enforce OHV violations within Show Low city limits.
- To increase police transport capabilities of personnel and supplies to remote locations for operational needs.
- To provide for greater public support during major events/incidents.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

St. Johns Police Department – Law Enforcement Equipment

Award	Match	Total
\$96,000.00	\$4,950.00	\$100,950.00

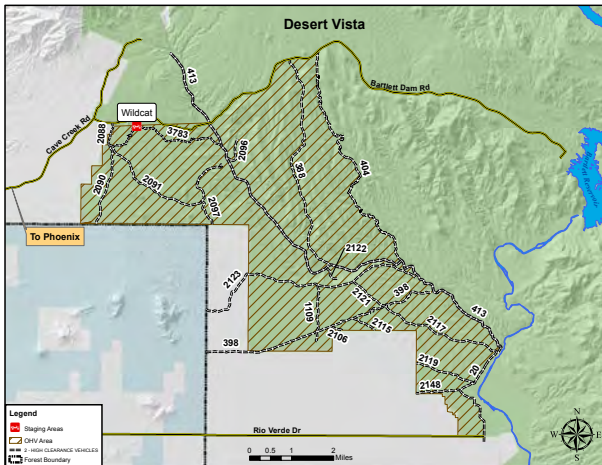

The St. Johns Police Department is seeking funding to purchase an off-highway vehicle for use by the St. Johns Police Department within the City of St. Johns, Arizona. This OHV will be used by certified police officers and volunteers to respond to emergency and enforce OHV laws in and around a community fishing area, Patterson Ponds, and the trails and high desert areas located within the City that are used by OHV operators and passengers where traditional police vehicles will not normally be able to operate.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Tonto National Forest: Cave Creek Ranger District – Cave Creek OHV Patrollers

Award	Match	Total
\$100,000.00	\$5,776.00	\$105,776.00

Funds will pay for Law Enforcement Support for OHV program management on the Cave Creek district. The scope of work includes patrolling forest trails to educate users on responsible use of national forest lands and to enforce federal and state rules and regulations. As well, patrollers will participate in project work, including but not limited to trail signing, trail maintenance, facilities improvements. Patrollers will collect work logs and user contacts to better support future program management. Patrollers will also rehabilitate user made illegal routes as they are identified during patrols.

Funds will also pay for a patrol vehicle for travel. Patrollers will be responsible for maintenance and upkeep of vehicle and keep use logs.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

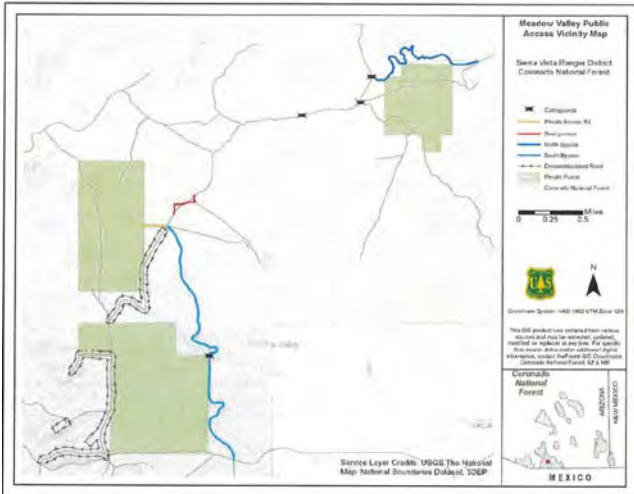

OHV use, responsible recreation, and enforcing Forest regulations to protect natural resources. Patrol Areas include Bulldog Canyon, The Rolls, Four Peaks, Lower Sycamore, Sugarloaf, Mesquite, Log Corral, Mt. Ord, Mt. Peeley, and Hewitt Station.

The Mesa Ranger District would also use these funds to provide PPE for patrollers, purchase OHV field equipment such as used fire extinguishers, ratchet straps, med packs, fuel storage, and handheld radios and helmet microphones for improved communications while patrolling.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Arizona Game and Fish Department: Region 5 – Meadow Valley Cattle Guards

Request **Match** **Total**
 \$70,000.00 \$4,268.00 \$74,268.00

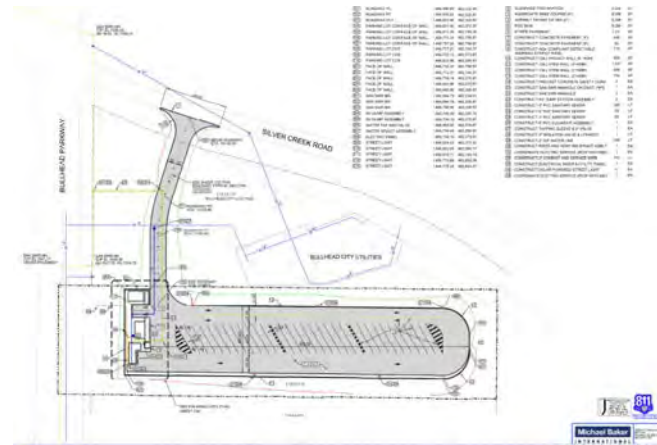

Requesting purchase of 4 cattle guards in partnership with the Coronado National Forest, Sierra Vista RD, to reopen national forest lands, allowing multiple use recreation. This area is used for hunting, wildlife viewing, off-highway vehicle use.

Grant dollars will be used to purchase 4 cattle guards. Cattle Guards will be installed by USFS staff as match. reopened access will include approximately 25 miles of motorized trails and 30,000 acres for recreational opportunities.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Bullhead City – OHV Trailhead Development

Request	Match	Total
\$1,294,528.00	\$100,000.00	\$1,394,528.00

The City of Bullhead City will utilize the funds to develop an OHV Staging Area at the intersection of Silver Creek Rd and Bullhead Parkway. The site will be utilized for parking and off-loading OHV's for use on existing adjacent trail systems. The funds will also be utilized for engineering costs, grading and any other infrastructural improvements.

The proposed project will be the first OHV Staging Area in the City of Bullhead City. It will provide multiple pull through parking spaces for RV/trailers, tow vehicles and OHV's to park while utilizing existing adjacent trails. Accessible restrooms, night security lighting, and camp host area are planned. An information kiosk will be provided on the restroom building for up-to-date trail information and related. Additionally, the development will see a day-use picnic area with shade structure tables, benches, electrical outlet, and spigot amongst other amenities. The Site layout and concept plan is attached for reference.

The proposed Bullhead City OHV Staging Area is designed to accommodate the following type of motorized vehicles: Dirt Bikes, Off-Road Trucks, Quads (ATV's), Side-by-sides (UTV's), and Jeeps and similar 4-WD vehicles. This project will enable the City the opportunity to continuously provide off-road recreational opportunities to the its residents and tourists alike in a safe and dedicated environment.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Bureau of Land Management: Lake Havasu Field Office – OHV Program Development

Request	Match	Total
\$117,000.00	\$77,900.00	\$194,900.00

The Lake Havasu Bureau of Land Management Office (LHFO) manages 1.3 million acres of public lands which have wide swaths of adjacent state managed land. Most of this land is only accessible by high clearance, off road vehicles with 4x4 capabilities. Trails on both federal and adjacent state public lands are often unmaintained and worn out due to high use and weather events. Lake Havasu is well known for its off-roading events such as races and poker runs which takes place on state and federal lands. The off-roading community is continually growing within this area. The LHFO proposes the purchase of three side by sides and two trailers to better access and provide outreach to the off-roading community as well as assisting our state agency partners with sharing their educational message on public lands. Side by side purchases will include two sport models and one utility model.

The LHFO intends to utilize these side by sides to better manage public land by:

- Help promote and spread educational awareness to the OHV community on both federal and state public lands.
- Remove trash and debris from OHV recreation areas on state and federal lands (Standard Wash, Bison Wash, Shea Road, Craggy Wash, AZPT) and provide a presence at public cleanup events.
- Access and identify OHV trails in need of maintenance
- Access and provide educational outreach at Special Recreation Permit (SRP) races and other public events (Sand and Water Expo, UTV Word Championships, Parker 400).
- To provide safety and educational courses (ROHVA) to BLM and partner agency personnel on side by side usage.
- To foster public relations with the local off-road communities.

Havasu SxS Trail Association – Trail Maintenance

Request	Match	Total
\$13,000.00	\$29,950.00	\$42,950.00

The Havasu Side by Side Trail Association is requesting funding to continue their trail maintenance work with the Lake Havasu BLM Field Office. Funds will be used for fuel, trail drag supplies, and supplemental insurance. The project will be matched with 1,000 hours of volunteer time.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Natural Restorations – OHV Area Cleanups

Request Match Total
 \$288,327.00 \$32,826.00 \$321,153.00

This project addresses the long-standing issues of scattered trash, illegal dumping of household & construction debris, & graffiti painted on rocks & boulders in OHV areas. Since 2020, Arizona has seen a massive increase in the number of people recreating in OHV areas, including new users, & users who are not practicing responsible recreation. As a result, there has been an increase in the amount of trash and graffiti left behind in OHV areas. We fill a need to keep existing trails free from trash & graffiti to ensure they remain open to the OHV community; if these issues aren't addressed, land management agencies will seek to close them. It takes a continuous effort to keep trails open & accessible to current & future generations.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Apache Sitgreaves National Forest: Alpine Ranger District – Snow Patrol Enforcement

Request Match Total
 \$68,000.00 \$7,6230.00 \$75,623.00

The Alpine and Springerville ranger districts have multiple snowmobile recreation areas that provide ample opportunity for winter recreators, but for many years we have observed intrusions with snowmobiles into wilderness areas and other closure areas on these districts. The Wilderness Act of 1964 prohibits the use of motor vehicles and motorized equipment within any wilderness area. Our purpose is to provide education to the public on OHV regulations and wilderness laws and if necessary, administer citations. The grant funding would aid in overtime and personnel costs for patrolling of these high use areas, closure areas and wilderness boundaries and give the Forest Service an opportunity to educate winter recreators. The funding would also enable the purchase of an enclosed trailer for transporting snowmobiles and to allow for safe short- and long-term storage of the snowmobiles.

Patagonia Lake State Park – Law Enforcement Equipment

Request	Match	Total
\$80,600.00	\$8,100.00	\$88,700.00

Patagonia Lake State Park, is requesting funds for a Side-by- Side and ATV with LE package for park patrol. Patrolling will include OHV monitor, education contacts, trespassing and OHV impact mitigation. Match funding will be provided by park Law Enforcement.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Tonto National Forest: Globe Ranger District – OHV Patrollers

Request	Match	Total
\$98,900.00	\$15,488.00	\$114,388.00

Funds will pay for Law Enforcement support for Off Highway Vehicle (OHV) areas on the Globe Ranger District. The scope of work will include patrolling forest roads to educate users on responsible use of national forest lands and enforce federal and state rules and regulations. Patrollers will inspect for proper display of the required OHV sticker and spark arrestors. They will also take measures to deter the public from riding illegal user created routes which includes contacting users, signage, physical barriers. These patrols will increase public awareness of rules and regulations and will be a deterrent for illegal behavior. Patrollers will work with Forest Service, Game and Fish, County and other law enforcement agencies to assist with these educational opportunities.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Arizona Elk Society: Mogollon Rim Wildlife Habitat Fencing Project

Request **Match** **Total**
 \$41,322.00 \$16,120.00 \$57,422.00

This project is being done to protect high elevation wet meadow systems on the Mogollon Rim to eliminate damage from illegal off road OHV use. These meadows provide much needed moisture and high-quality forage for all wildlife in the area. The meadows, many times, hold water for many months of the year that wildlife depend on. The Arizona Elk Society with our volunteers and in partnership with the Boy Scouts doing their Eagle Scout projects will be purchasing a semi load of 12' treated logs to build log worm fences to stop the encroaching OHV and protect the meadows from further damage. The AES works closely with AZGFD and the USFS to locate important meadows to protect and decide the area of ingress that needs to be fenced.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Apache-Sitgreaves National Forest, Lakeside Ranger District : Maverick Trail Cattle Guards

Request **Match** **Total**
 \$4,504.00 \$479.00 \$4,983.00

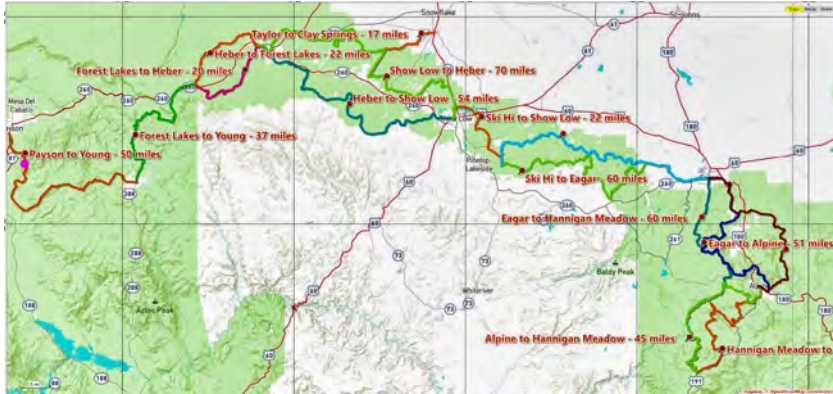

Project funding will replace two (2) broken OHV cattleguards along the Maverick Trail, where it crosses Little Mormon Lake Road. This will allow for safer passage of OHVs to cross the road. It will also prevent cattle from accessing the road. Current cattleguards make crossing the road unsafe, presenting a public safety issue. Cattleguards appear to have been vandalized and damaged when a full size vehicle attempted to cross.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

PENDING APPROVAL:

Arizona Alpine Trail Inc.: Arizona Alpine Trail Master Plan

Request	Match	Total
\$316,503.00	\$47,920.00	\$364,423.00

Arizona Alpine Trail, Inc. (AZAT) is a 501(c)3 organization seeking to develop a contiguous, 700+ mile multimodal loop trail that spans multiple counties and municipalities in east-central Arizona from Payson to Hannigan’s Meadow. State Parks funding will be used to produce a Master Plan that fully describes the AZAT trail, reflecting relevant conditions of the project and implementation approach. Scope of the Master Plan will identify benefits of the trail and the necessary steps to transform the AZAT trail into a sought-out destination. Among those steps are, identifying future trail improvements; ensuring adequate signage; providing maps and information to users; encouraging local business and towns to participate in developing staging areas, trailheads and campgrounds, and finalizing an alignment and associated features agreed to by AZAT, the Forest Service and other state and local communities.

PENDING APPROVAL:

Yavapai County Sheriff’s Office: YCSO OHV Enforcement Vehicle and Equipment

Request	Match	Total
\$100,000.00	\$12,000.00	\$112,000.00

Funds will be used to purchase two (2) side-by-sides with emergency lighting, dispatch radios, and trailers for transporting the vehicles. Vehicles will be used for OHV patrols and to educate the public on Arizona OHV laws and safety. Target patrol areas will include the following:

- Sedona and surrounding areas
- Prescott and vicinity
- Wickenburg area
- Crown King and the Bradshaw Mountains
- Camp Verde
- Castle Hot Springs
- Mingus Mountain
- Bloody Basin and the Agua Fria National Monument

OHV education and community outreach events and activities will include the following:

- Prescott Frontier Days and Rodeo
- Parades
- National Night Out
- Prescott Valley Days
- Thunder Valley Rally
- RROCC Ambassador Days
- Prescott Area Wildfire Expo

Fiscal Year 2022

Mohave County: Law Enforcement

Award	Match	Total
\$29,031.00	\$4,929.00	\$33,960.00

This grant would fund a Law Enforcement Vehicle for recreational trail law enforcement. It has become more and more important to have a vehicle with off road capabilities due to the additional trail use during the pandemic and Parks receiving Camp Levi back for public use. There are main trails through Hualapai Mountain Park that cannot be reached with the current Ranger vehicle. Additionally, OHV trail use in the Hualapai Mountains has resulted in an agreement with Bureau of Land Management (BLM) to help patrol BLM lands in emergency situations due to location and staffing.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Arizona Game and Fish Department – Region 3: Law Enforcement

Award	Match	Total
\$30,000.00	\$9,490.00	\$39,490.00

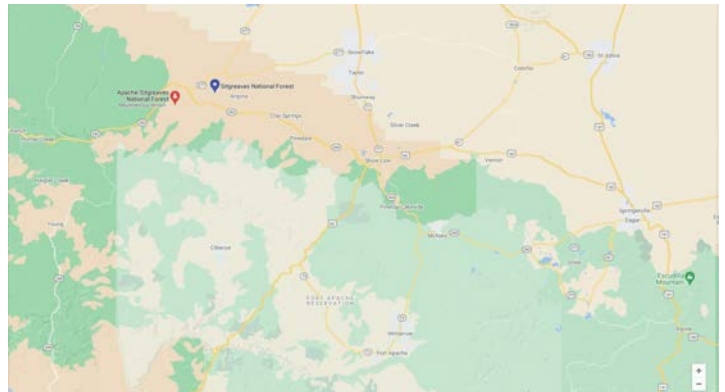

The AGFD, Region 3 is requesting funding to assist in purchasing a Kawasaki Teryx KRX 1000 to replace a Polaris RZR 800 from a previous OHVAG grant from 2011. In addition to a Kawasaki Teryx KRX 1000, the AGFD will be purchasing a tri-band radio/siren, and a law enforcement light kit. This UTV would be assigned to the Region 3 Law Enforcement Specialist who is responsible for organizing and conducting OHV patrols and outreach for the west sector of Region 3.

Bureau of Land Management – State Office: Travel Management

Award **Match** **Total**
 \$412,968.25 \$421,277.80 \$834,246.05

BLM AZ is requesting grant funding to develop 4 Travel Management Plans (TMPs). The 4 TMPs will cover approx. 2,655 trails/routes miles in three (3) BLM districts (Colorado River, Gila, and Phoenix District offices). These plans will identify and authorize trails/routes to maintain, develop and manage that address public input, protect natural and cultural resources and result in sustainable recreational motorized (jeeps, ATVs, UTVs, dirt bikes, etc.) and non-motorized (hiking, biking, equestrian, etc.) access and opportunities. These Plans will produce authorized large-scale maps that will form the foundation for digital and print maps, signage, more accessibility, and information kiosks. TMP development will include teams of BLM specialists and contractors evaluating routes, utilizing NEPA, providing cultural and biological assessments, to establish TMP designations, and organize and respond to public and stakeholder comments and concerns.

Town of Camp Verde: Box T Remediation

Award	Match	Total
\$106,017.00	\$28,211.60	\$134,228.60

Box T is a trailhead located on Prescott National Forest land identified in the Verde Trails and Access Plan as a multi-use trail. The trailhead is not formally developed and therefore the trail access point is subject to periodic damage. Motorized use when the natural ground is wet has led to the deterioration of the natural landscape and left rutted out tire tracks. The “trailhead” is located on an unsafe blind curve on Salt Mine Road, making access to the trailhead difficult and unsafe. The project is being pursued in order to correct the continued deterioration of the trail access point and to enhance safety.

Cottonwood Police Department: Law Enforcement

Award	Match	Total
\$60,000.00	\$3,195.00	\$63,195.00

The Cottonwood Police Department will utilize the funds to purchase a side by side Off Highway Vehicle with emergency light package, police radio, and trailer for transporting the vehicle for the purposes of educating the public on Arizona Off Highway Vehicle laws and safety as well as enforcement of Arizona off highway regulations. We currently provide law enforcement on State Trust Land in Yavapai County, Coconino/Prescott National Forests, Dead Horse State Park, in conjunction with US Forest Law Enforcement, State Trust Land Investigators, and other local agencies like the Yavapai County Sheriff's Office. These are high volume Off Highway Vehicle areas partially due to the many Off Highway Vehicle Adventure rental companies in the area. The project would also include assisting our regional partners with additional OHV enforcement operations and public educational opportunities. In addition to OHV enforcement, we will utilize the purchased vehicle for public education on OHV regulations and safety while on patrol and at public events like National Night Out, Dead Horse State Park Verde River Days, and Thunder Valley Rally. The vehicle can also be utilized for environmental clean-up of trash left behind by those utilizing our public lands in conjunction with an alternative sentencing community service work crew program.

Tonto National Forest: Travel Management

Award	Match	Total
\$525,000.00	\$0.00	\$525,000.00

The scope of this project is to conduct archaeological inventories of all of the proposed new routes, approved OHV areas, and Tot Lots as required by the TNF Travel Management plan. The TNF will use the funds to contract with a private cultural resources management firm to conduct the inventories and evaluations. The TNF staff will review the results of the evaluations and conduct all the consultation with the Arizona State Historic Preservation Office and consulting tribes in an effort to complete all of the requirements of the National Historic Preservation Act. This will then fulfil the requirements of the Travel Management Plan and allow for the inclusion of the newly approved routes on to the Motor Vehicle Use Maps (MVUM). This MVUM will be the starting point for managing motor vehicle use on the TNF and will allow the Forest to manage motor vehicle use to balance the use with protecting the natural and cultural resources, complying with applicable laws, regulations, and policies, and thereby providing for sustainable motor vehicle recreation opportunities. Moving forward the TNF will be working collaboratively with partners and stakeholders on identifying future program and public needs for including repairs, reroutes, decommissioning, rehabilitation, facilities through future project planning efforts.

La Paz County: Bouse County Park Master Plan

Award	Match	Total
\$299,693.37	\$2,746.40	\$302,439.77

J2 Engineering and Environmental Design, LLC (J2) is pleased to provide professional design services for the Bouse County Park project. This scope of services is based upon our understanding of the project from our discussions with you. J2 will serve as the prime consultant for the project providing landscape architecture and civil engineering design services. This is a phased project, the first phase will be the masterplan, designed by J2 engineering. Future phases will include, new RV Parking Spaces with hook ups, a new restroom/shower facility, new off highway vehicle (OHV) staging area, and other various site improvements.

Tonto Recreation Alliance (TRAL): Tonto Trail Management

Award	Total	Match
\$308,025.80	\$19,467.50	\$327,493.30

TRAL will continue to execute our main programs of OHV trail inspections, trail signing, maintenance, and public education. Through these existing and expanded programs, we will monitor the 3000 miles of OHV useable roads and trails in the Tonto approximately every 3 years, inspect and maintain the 3500+ route markers we have installed, complete trail repairs that can be done using hand tools and volunteer labor, and assist the forest with other projects such as kiosk installation, fence repair, etc. We will deliver a continually improving interactive OHV user map that is free to the public. We will expand our social media campaign to increase the OHV community's exposure to positive OHV recreational and forest resource protection messages.

Arizona OHV Grant Program

The mission of the Arizona OHV Highway Vehicle Program is to develop vehicle recreation opportunities and educational programs that promote safe, enjoyable, and responsible recreation and protect natural resources.

The Arizona Legislature created the OHV Program in 1997. The Legislature on the funding mechanism at 0.25 percent of the total state motor fuel tax revenue. In 2009 the state program began and today both funds are used for OHV projects.

Arizona State Parks administers the program arizona.com/ohv.

- 60 percent of the funds goes to OHV grants and equipment (2 percent for the administration of the program) and 38 percent for trail maintenance, signage and maps of trails/trails.
- 10 percent goes to the Arizona State Land Department for trail maintenance, education and outreach.
- 2 percent goes to the Arizona State Land Department for registration, signage and enforcement.

More information can be found at the Game and Fish website: agfi.com/ohv.

ARIZONA OHV Decal Requirements

The OHV decal program is intended for vehicles designed by the manufacturer to travel over unpaved roads, to have a laden weight of 2000 pounds or less, and/or an engine greater than 40cc. A decal is required for use on all public and state trust lands and must be displayed on the right hand fender corner of your license plate. Pickup trucks, SUVs, cars and other recreational vehicles are not required to have an OHV decal.

The decal is not a registration and you are not required to have a registration if you plan to use your OHV on private property and unpaved roads and streets.

Arizona residents will need an Arizona vehicle decal. Decals can be purchased at Arizona State Parks. Decals can be purchased through arizona.com/ohv and are good for one year from date of purchase for each vehicle. The cost of the decal is \$25.

Arizona residents will need to purchase an OHV decal for each vehicle they own. The decal must be purchased prior to using an unpaved road. Decals can be purchased at Arizona State Parks, 2775 N. 23rd Ave., Mesa, AZ 85208, (487)997-2777, arizona.com/ohv and agfi.com/ohv.

Required Equipment for OHVs

Each vehicle operator must have the following equipment on their vehicle: fire extinguisher, first aid kit, safety vest, safety flag and sound horn.

Children under the age of 16 must wear their seat belt. Children under the age of 16 must wear their seat belt. Children under the age of 16 must wear their seat belt. Children under the age of 16 must wear their seat belt.

Arizona State Land Permit

What do you need to do to have an Arizona State Land Recreation Permit, available online at land.gov/ohv/permits.

Arizona State Trust Land is held in trust for the Arizona people, including and other interested or charitable beneficiaries. All uses of land and permits go to benefit these beneficiaries.

Aventura Map App

Aventura is a mobile app that allows you to download maps for the state of Arizona. Use your device's built-in GPS to track your location on any map. The app will show you your location and phone, measure distance and area, and more. The app will also give you directions to the program and maps, otherwise it's your GPS.

Scan the QR codes on the Arizona Vehicle Use Map (NVL) Signs V-View RD (front & back) at the Coronado National Forest, Supervisor's Office, 300 W. Congress, Tucson, AZ 85701, (520)826-6300.

Arizona Game and Fish Department, Tucson Field Office, 3575 N. Saginaw Blvd., Tucson, AZ 85714, (520)826-6300.

Arizona State Land Department, 1644 W. Adams St., Phoenix, AZ 85007, (602)254-1211, land.gov.

Arizona State Parks, 2775 N. 23rd Ave., Mesa, Phoenix, AZ 85208, (487)997-2777, arizona.com/ohv.

This project is a continuation of the two previous Information and Communications grants with the addition of two people. Rebecca will continue to meet/attend land managers, clubs, groups, OHV events, meet/greets, smaller venues to meet with the public. Continue to represent OHV collaborative and stakeholders' meetings with the FS, BLM and G&F and develop new partnerships. Continue to provide information out to businesses/dealer/aftermarket, visitors centers. Continue development with FS and BLM of small-scale maps of OHV areas similar to the previous grant. Christie will help find/arrange events, attend, and staff volunteers. Attend Tread Lightly training, develop spill kits to be available. Rheel will work on the Adopt A Road and continue work with the Coronado and Coconino along with the State BLM Office, the Hassayampa and the Gila field Offices. He will organize Adopt A Road projects and coordinate and oversee signing projects including route markers, kiosk and other on the ground information.

Apache-Sitgreaves National Forest, Lakeside Ranger District: OHV Program Development

Award	Match	Total
\$395,829.00	\$28,944.55	\$424,773.55

This project develops a motorized trail program for the Lakeside District that includes an OHV Coordinator, temporary seasonal OHV ranger, archeologist funding for OHV trail NEPA, trail maintenance, and educational signage. Funding is needed to establish an effective OHV program in the short-term to coordinate with a variety of agency partners including the Arizona Game and Fish Department, Arizona State Parks, tribal, and local municipalities. In addition, work will be conducted with volunteer groups like the OHV Ambassadors and the White Mountain Open Trail Association. Coordination is needed for trail maintenance, sign installation, emergency marker installation - maintenance, providing OHV visitor contacts, education, compliance patrols, safety programs, and to implement Travel Management Rule (TMR). Once these programs are established through grant funding, the USFS will take over the management and financial responsibility

Natural Restorations: OHV Trailhead Cleanups

Award	Match	Total
\$237,080.00	\$28,174.00	\$265,254.00

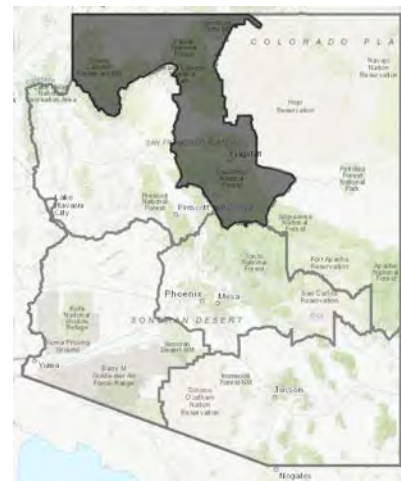

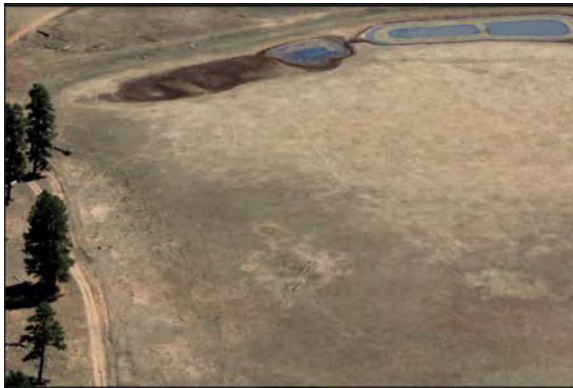

This project addresses the long-standing issues of trash, illegal dumping of household & construction debris, & graffiti on rocks & boulders in OHV areas. 2020 has seen a massive increase in the number of people recreating in OHV areas, including new users, & users who are not practicing responsible recreation. In 12 months, the Dedicated Restoration Team will complete 18 restoration projects in brand new project areas & we will host 3 volunteer events in some of the highest use OHV areas near the Phoenix Valley. These events will provide close to home opportunities for youth, the OHV community, non-OHV community members, & State Parks employees.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Arizona Game and Fish Department – Region 2: LE Utility Terrain Vehicle

Award	Match	Total
\$30,000.00	\$9,490.00	\$39,490.00

With this growth, the officers in Region 2 have seen a different user group that does not appear to be aware of OHV laws. This behavior has led to an increase in habitat damage by people driving cross-country, mainly through meadows which make up fragile, and critical wildlife habitat. The dramatic increase in the number of UTV’s being used, and the high speeds at which they travel, make it extremely difficult for officers to effectively conduct OHV patrols from their trucks. The requested UTV will be an essential piece of equipment that will greatly increase the Region’s ability to accomplish effective OHV enforcement activities in the back country, as well as greatly decrease the time it takes to respond to medical emergencies. This grant would provide funding toward a UTV, tri-band radio, and law enforcement lights and siren.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Arizona Game and Fish Department – Region 6: LE Utility Terrain Vehicle

Award	Match	Total
\$30,000.00	\$9,490.00	\$39,490.00

Region 6 has one Off Highway Vehicle Law Enforcement Specialist (LES) dedicated to OHV enforcement. The Region 6 LES averages 57 OHV citations and written warnings per year, with most of the patrols occurring within Region 6. Region 6 is seeking funding to replace the LES’s 2012 Polaris RZR that was purchased with an OHVAG grant from 2011 and is in need of being disposed of. The dramatic increase in the number of UTV’s being used, and the high speeds at which they travel, make it extremely difficult for officers to effectively conduct OHV patrols from their trucks. The requested UTV will be an essential piece of equipment that will greatly increase the Department’s ability to accomplish effective OHV enforcement activities in the back country, as well as greatly decrease the time it takes to respond to medical emergencies. This grant would provide funding toward a UTV, tri-band radio, law enforcement lights, siren and a trailer.

La Paz County: Law Enforcement Grant

Award	Match	Total
\$27,331.00	\$4,437.00	\$31,768.00

This project will allow the La Paz County Sheriff's Department to dedicate 450 hours of patrol to OHV trails. This will enable OHV dedicated services of 75 hours per month during the winter months when the county experiences an influx of off-road enthusiasts. La Paz County OHV activity primarily occurs in three areas; the Ehrenberg-Cibola strip that includes the Ehrenberg Sandbowl, the La Posa flat, and a public use area bound by the Parker Strip, the Swansea townsite, and Bouse. In addition, La Paz County hosts several annual, major off-road events including the Desert Dash, the Parker 250, and the Parker 425. These events, inviting terrain, and climate attract thousands of visitors every year. Unfortunately, this influx of people also results in property damage, multiple OHV wrecks, injuries, and fatalities every year. These areas, encompassing almost 800 square miles, are currently patrolled on an ad-hoc basis with an emphasis on emergency response.

10%	20%	30%	40%	50%	60%	70%	80%	90%	100%

Wickenburg Cultural and Conservation Foundation: Box Canyon Cleanup

Award	Match	Total
-------	-------	-------

\$27,675.00 \$83,832.00 \$111,507.00

Wickenburg Conservation Foundation, as part of its Wickenburg Clean and Beautiful initiative, has formed a partnership with the Bureau of Land Management, Wickenburg Chamber of Commerce’s Box Canyon Cares Committee, the Town of Wickenburg and Rincon Road homeowners to keep the area clean and educate users on the on the responsible use of public lands. To do this we will:

1. Implement an ambassador program and recruit volunteer ambassadors
2. Meet with OHV groups throughout the year and enlist the support of individuals within those groups to promote LNT concepts
3. Participate in community events and work with youth groups to provide LNT education
4. Design and install bilingual LNT, safety and interpretive signage along the corridor and at access points
5. Continue monthly cleanups with the goal of reducing the needed frequency to twice per year by 2022.

People recreating in the corridor, local homeowners and the Town of Wickenburg will all benefit from this project.

Arizona State Parks and Trails: Great Western Trail Master Plan

Award	Match	Total
\$681,000.00	\$0.00	\$681,000.00

The Great Western Trail is a proposed multi-use trail that stretches from Mexico to Canada with over 800 miles of riding opportunity in Arizona. The trail crosses multiple jurisdictions including BLM, Forest Service, and State Land. The primary focus of this project is to establish a master plan through the participation of a working group made up of a wide range of stakeholders. In addition, the working group would host several public meetings to gather feedback on the trails proposed path. The monies for this project have been previously obligated by the legislature to allow Arizona State Parks to complete operations tasks. In 2019 the legislature shifted these funds to be invested into establishing a more concrete plan for the Great Western Trail.
