Subject: 552311 – Trail Riders of Southern Arizona, Red Springs Trail Improvements Project Amendment.

Background:

In fiscal year 2023, the Arizona State Parks Board awarded the Trail Riders of Southern Arizona (TRS) \$9,025.00 to fabricate and install information kiosks for the Red Springs Trail Staging Area. At the time of award, TRS was unaware of Project Sponsor insurance requirements and that they were a reimbursable expense under the Off-Highway Vehicle Recreation Fund. The Trail Riders of Southern Arizona are requesting a \$2,500.00 increase to their project award to cover these expenses.

Recommendation:

Arizona State Parks and Trails Grant Staff and OHVAG reviewed the request for amendment to project 552311 and have made recommendations based on project need and funding availability.

The 2020 Arizona State Parks and Trails Plan has maintaining existing trails as its number one priority. For the past several years, Arizona State Parks and Trails has set-aside up to \$150,000 in recreational trails funding for maintenance of existing non-motorized trails.

A potential sponsor can:

- Apply for up to \$50,000 per project and if approved;
- Select from contracted crews pre-approved by Arizona State Parks and Trails to perform this work.
- Provide the 5.7% non-federal match
- Once the project is complete and work approved by the sponsor, Arizona State Parks and Trails pays the contractor directly.
- Work must be completed within one year of receiving funds

The State Lake Improvement Fund (SLIF) provides matching grants to assist state and local units of government to fund projects on waters where gasoline power boats are permitted. A total of \$4,000,000.00 was appropriated for the SLIF program during the 2021 Arizona State Legislative session.

A project sponsor may apply to up to 20% of these appropriated funds or \$800,000.00

Recommendation:

Arizona State Parks and Trails Grant Staff reviewed the following SLIF application(s) and made recommendations based on the Board approved State Lake Improvement Fund scoring.

2023 State Lake Improvement Fund Grant Application(s)				
Sponsor	Project	Request	Staff Recommendation	Score
Mohave County	Mohave County Sheriff's Office LE Equipment	\$800,000.00	\$800,000.00	83.5

Background:

The Heritage Fund Local, Regional and State Park (LRSP) funding provides matching grants for the development of public outdoor recreation facilities. A total of \$2,500,000 was appropriated for the LRSP program during the 2022 Arizona State Legislative session. All LRSP grants require a 50/50 match.

A project sponsor may apply to up to 20% of these appropriated funds or \$500,000.00

Recommendation:

Arizona State Parks and Trails Grant Staff reviewed the following LRSP application(s) and made recommendations based on the Board approved scoring criteria and funding available.

Bureau of Land Management: Lake Havasu Field Office – OHV Program Development

Request	Match	Total	Score
\$117,000.00	\$77,900.00	\$194,900.00	39

The Lake Havasu Bureau of Land Management Office (LHFO) manages 1.3 million acres of public lands which have wide swaths of adjacent state managed land. Most of this land is only accessible by high clearance, off road vehicles with 4x4 capabilities. Trails on both federal and adjacent state public lands are often unmaintained and worn out due to high use and weather events. Lake Havasu is well known for its off-roading events such as races and poker runs which takes place on state and federal lands. The off-roading community is continually growing within this area. The LHFO proposes the purchase of three side by sides and two trailers to better access and provide outreach to the off-roading community as well as assisting our state agency partners with sharing their educational message on public lands. Side by side purchases will include two sport models and one utility model.

The LHFO intends to utilize these side by sides to better manage public land by:

- Help promote and spread educational awareness to the OHV community on both federal and state public lands.
- Remove trash and debris from OHV recreation areas on state and federal lands (Standard Wash, Bison Wash, Shea Road, Craggy Wash, AZPT) and provide a presence at public cleanup events.
- Access and identify OHV trails in need of maintenance
- Access and provide educational outreach at Special Recreation Permit (SRP) races and other public events (Sand and Water Expo, UTV Word Championships, Parker 400).
- To provide safety and educational courses (ROHVA) to BLM and partner agency personnel on side by side usage.
- To foster public relations with the local off-road communities.

Havasu SxS Trail Association – Trail Maintenance

Request	Match	Total	Score
\$13,000.00	\$29,950.00	\$42,950.00	22

The Havasu Side by Side Trail Association is requesting funding to continue their trail maintenance work with the Lake Havasu BLM Field Office. Funds will be used for fuel, trail drag supplies, and supplemental insurance. The project will be matched with 1,000 hours of volunteer time.

Natural Restorations – OHV Area Cleanups

Request	Match	Total	Score
\$288,327.00	\$32,826.00	\$321,153.00	21

This project addresses the long-standing issues of scattered trash, illegal dumping of household & construction debris, & graffiti painted on rocks & boulders in OHV areas. Since 2020, Arizona has seen a massive increase in the number of people recreating in OHV areas, including new users, & users who are not practicing responsible recreation. As a result, there has been an increase in the amount of trash and graffiti left behind in OHV areas. We fill a need to keep existing trails free from trash & graffiti to ensure they remain open to the OHV community; if these issues aren't addressed, land management agencies will seek to close them. It takes a continuous effort to keep trails open & accessible to current & future generations.

Restorations enhance the quality of the experience OHV trails provide because clean trails are safer, attractive, & inviting. These cleanups improve the look of impacted OHV areas and the events allow an opportunity for education and connection with the recreating public.

During this project, the Dedicated Restoration Team will complete 21 trash and graffiti removal restoration projects & we will host 2 volunteer events in OHV areas. Volunteer events will provide close to home opportunities for youth, the OHV community, non-OHV community members, & State Parks employees. The hope is to add additional volunteer events as match over time as it becomes easier to host events on public lands without restrictions.

Bullhead City – OHV Trailhead Development

Request	Match	Total	Score
\$1,294,528.00	\$100,000.00	\$1,394,528.00	18

The City of Bullhead City will utilize the funds to develop an OHV Staging Area at the intersection of Silver Creek Rd and Bullhead Parkway. The site will be utilized for parking and off-loading OHV's for use on existing adjacent trail systems. The funds will also be utilized for engineering costs, grading and any other infrastructural improvements.

The proposed project will be the first OHV Staging Area in the City of Bullhead City. It will provide multiple pull through parking spaces for RV/trailers, tow vehicles and OHV's to park while utilizing existing adjacent trails. Accessible restrooms, night security lighting, and camp host area are planned. An information kiosk will be provided on the restroom building for up-to-date trail information and related. Additionally, the development will see a day-use picnic area with shade structure tables, benches, electrical outlet, and spigot amongst other amenities. The Site layout and concept plan is attached for reference.

The proposed Bullhead City OHV Staging Area is designed to accommodate the following type of motorized vehicles: Dirt Bikes, Off-Road Trucks, Quads (ATV's), Side-by-sides (UTV's), and Jeeps and similar 4-WD vehicles. This project will enable the City the opportunity to continuously provide off-road recreational opportunities to the its residents and tourists alike in a safe and dedicated environment.

Supplemental OHV Grant Applications

Apache Sitgreaves National Forest: Alpine Ranger District – Snow Patrol Enforcement

Request	Match	Total
\$68,000.00	\$7,6230.00	\$75,623.00

The Alpine and Springerville ranger districts have multiple snowmobile recreation areas that provide ample opportunity for winter recreators, but for many years we have observed intrusions with snowmobiles into wilderness areas and other closure areas on these districts. The Wilderness Act of 1964 prohibits the use of motor vehicles and motorized equipment within any wilderness area. Our purpose is to provide education to the public on OHV regulations and wilderness laws and if necessary, administer citations. The grant funding would aid in overtime and personnel costs for patrolling of these high use areas, closure areas and wilderness boundaries and give the Forest Service an opportunity to educate winter recreators. The funding would also enable the purchase of an enclosed trailer for transporting snowmobiles and to allow for safe short- and long-term storage of the snowmobiles.

Patagonia Lake State Park – Law Enforcement Equipment

Request	Match	Total
\$80,600.00	\$8,100.00	\$88,700.00

Patagonia Lake State Park, is requesting funds for a Side-by- Side and ATV with LE package for park patrol. Patrolling will include OHV monitor, education contacts, trespassing and OHV impact mitigation. Match funding will be provided by park Law Enforcement.

Tonto National Forest: Globe Ranger District – OHV Patrollers

Request	Match	Total
\$98,900.00	\$15,488.00	\$114,388.00

Funds will pay for Law Enforcement support for Off Highway Vehicle (OHV) areas on the Globe Ranger District. The scope of work will include patrolling forest roads to educate users on responsible use of national forest lands and enforce federal and state rules and regulations. Patrollers will inspect for proper display of the required OHV sticker and spark arrestors. They will also take measures to deter the public from riding illegal user created routes which includes contacting users, signage, physical barriers. These patrols will increase public awareness of rules and regulations and will be a deterrent for illegal behavior. Patrollers will work with Forest Service, Game and Fish, County and other law enforcement agencies to assist with these educational opportunities.

2023 Recreational Trail Program Trail Maintenance Grant Applications

Sponsor: Pine/Strawberry Fuel Reduction Inc.

Project Title: Pine/Strawberry Trail System Maintenance

Grant Request: \$48,000.00 Match: \$2,750.00 Total: \$50,750.00

The Payson Ranger District of the Tonto National Forest along with Pine Strawberry Fuel Reduction group have identified several miles of trail on the Pine Creek Canyon Trail #26 that requires advanced tread maintenance and sustainable drainage improvements to increase durability of trail over time. Some washed out sections of the trail and downed trees across trail have left ruts and holes in the trail. This is a multiuse non-motorized trail by hikers/bikers/horses. For this project the Payson Ranger District and the Pine Strawberry Fuels Reduction Inc. would be seeking to partner with a trail crew for several crew hitches to provide routine trail maintenance that does not involve any new ground disturbance on roughly 5 miles of the Pine Canyon Trail #26 between the Pine Trailhead and the backside of the Camp Lo Mia property. The project area has not been maintained for more than 7 years and contains a lot of sluff area (Sand and loose dirt) that can wash away easily.

Project Title: Community Clean and Beautiful

Grant Request: \$3,770.00

Match: \$3,893.00

Total: \$7,663.50

This project is an expansion of the successful 3-year Wickenburg Clean and Beautiful program. It is a state-wide call to action to get people throughout Arizona to take ownership of keeping their community recreational areas clean and safe. Specifically, funding request will be to design, print, and distribute a two-sided, bi-lingual tri-fold brochure to provide guidelines on how to organize an ongoing periodic or one-time clean up. The brochure, developed in partnership with public land management agencies and other related non-profits, will include Leave No Trace principles and information on how to contact and engage public land managers, get project supplies funded, recruit and train volunteers, and optimize publicity. Funding is needed to translate the text into Spanish and print up to 10,000 copies for distribution over the next two years by volunteer ambassadors at OHV and non-OHV recreational sites, through Chambers of Commerce, OHV rental companies, and outreach events throughout the state.

Project Title: Jacobs Park Revitalization and Expansion

Grant Request: \$2,995,448.00

Match: \$2,995,448.00

Total: \$5,990,896.00

The Jacobs Park revitalization and expansion project is focused on redeveloping the park with modern field design, adding new recreation opportunities and creating family-oriented recreation areas. The project will incorporate green stormwater infrastructure improvements to better capture and utilize rainwater in the park, increasing tree canopy and reduce hardscape surfaces to mitigate urban heat island affect. The project also reduces turf to reduce the amount of water used for irrigation. Jacobs

Park was originally built in the 1970s with a baseball/softball focus using a shared outfield design. The revitalization creates a traditional four field clover-leaf softball complex plus two additional soccer fields built to tournament standards; relocates and expands the dog park; eliminates a parking lot that encourages people to access the park by driving through the neighborhood and creates a family use area with a playground, ramada, grills, horseshoes and cornhole; adds a new restroom/concession building; updates irrigation throughout the park; builds a new skate park, futsal and pickleball courts; and plants 310 new trees in the park
