**8. Report on FY 2022 Awarded Heritage, State Lake Improvement Fund, American Rescue Plan Act Fund, Motorized, Non-Motorized, Trail Maintenance, And Safety and Environmental Education and Land and Water Conservation Fund Projects. (Mickey Rogers, Chief of Grants and Trails).**

*Chief of Grants and Trails, Mickey Rogers provided an update on Fiscal Year 2022 Grant awards by program. Provided below is a breakdown for each program.*

*The Off-Highway Vehicle (OHV) Recreation Fund awarded 13 projects. Projects included four (4) side by side purchases, two (2) trailhead projects, two (2) education projects, one (1) trailhead master plan, two (2) travel management plans, two (2) Emergency and Mitigation projects, and one OHV collaborative project focusing on issues in the Sedona area.*

*The State Lake Improvement Fund (SLIF) awarded seven (7) projects. These projects included one new boat launch improvement project, one water safety center improvement project, a new wind warning system for Lake Pleasant, 14 new boats/motors and boat trailers, and four (4) jet skis.*

*The Recreational Trails Program (RTP) awarded 12 projects. Project awards included 31 miles of new trail, 44.9 miles of trail maintenance, two (2) new trailheads and 1 education project.*

*The Land and Water Conservation Fund (LWCF) program awarded nine (9) projects. Six (6) project amendment requests due to project agreement delays, one (1) park improvement project, one (1) new multi-purpose ballfield project, and one (1) splashpad project.*

*The Heritage Fund Historic Preservation Program awarded six (6) projects. These projects included four (4) historic building renovations, two (2) historic outdoor recreation renovation projects, and a total of 37 applications for this program were started but not completed. There is a definite need for these funds and if reallocated by the state Legislature we will likely see an increase in fully completed applications in FY 2023.*

*The Heritage Fund Local, Regional, and State Park (LRSP) Program funded six (6) projects. Awards included two (2) splash pads, one (1) park expansion, and three (3) park renovations. There were over 20 project applications submitted. However, not all were completed. All of the funding for the LRSP program was awarded by the Parks Board within 4 months of being obligated by the state Legislature.*

*The Heritage Fund Environmental Education (EE) Program distributed funds to nine (9) grantees. Awards included two (2) Leave No Trace projects, one (1) Tread Lightly! project, three (3) bike ambassador projects, three (3) outdoor education programs for school aged children, one (1) non-profit trail user safety and education program, and one (1) open space coordinator position.*

*The Heritage Fund Non-Motorized Program awarded seven (7) grants. These included the creation of 19 miles of new trails, 2.25 miles of trail maintenance, the instillation of 43 crossing gates, and assessing 40 miles of trails for clearing and maintenance.*

*The American Rescue Plan Act (ARPA) Program distributes funds similar to the Heritage Fund including Local, Regional, and State Parks, Historic Preservations, Environmental Education, and Non-Motorized Trails. ARPA funds for FY 2022 were awarded to nine (9) subrecipients. Project included five (5) park improvement grants, two (2) Historic Preservation awards, two (2) trail projects, and seven (7) additional projects awaiting approval from the Governor’s Office across the various ARPA opportunities.*

*Lastly, the American Rescue Plan Act (ARPA) Heating Ventilation and Cooling (HVAC) funding has been awarded to four projects to date with more to be reviewed in the coming months.*

*Arizona State Parks and Trails Grants and Trails Team has worked to bring the State Parks Board 86 projects 24 of which are first time applicants. This is a 27% increase in new applicants from years past. The Grants and Trails Team migrated 1,000 grant projects from WebGrants to eCivis and back to WebGrants after system errors within eCivis were identified. The team helped to host 33 public meetings including the State Parks Board and its sub-committees. The team presented at 2 statewide recreation conferences and held 9 workshops with over 400 attendees. The team was successful in distributing the new funding sources that were allocated by the state Legislature for Fiscal Year 2022. Moving into Fiscal Year 2023, the hope is to host grant application review meetings on a bi-monthly or quarterly basis. This will allow for less meetings throughout the year but will still allow grant applications to be reviewed in a timely manner without staff burnout. In closing, the 86 projects awarded across the agency’s 10 programs amounted to \$23,099,289.50 in grant awards, \$22,628,426.93 in sponsor match, for a total of \$45,727,716.43 in total project costs. The table below highlights this spending by funding opportunity.*
