Bob Broscheid
Executive Director

Date: September 11, 2024

To: Chair, Arizona Outdoor Recreation Coordinating Commission

From: Bob Broscheid, Executive Director, Arizona State Parks and Trails

Subject: 2025 State Lake Improvement Fund Application(s)

Background:

The State Lake Improvement Fund (SLIF) provides matching grants to assist state and local units of government to fund projects on waters where gasoline power boats are permitted. A total of \$5,200,000.00 was appropriated for the SLIF program during the 2023 Arizona State Legislative session.

A project sponsor may apply to up to 20% of these appropriated funds or \$1,040,000.00

Recommendation:

Arizona State Parks and Trails Grant Staff reviewed the following SLIF application(s) and made recommendations based on the Board Approved State Lake Improvement Fund scoring.

2025 State Lake Improvement Fund Grant Application(s)				
Sponsor	Project	Request	Staff Recommendation	Score
Mohave County	Rescue Boats and Equipment Purchase	\$1,040,000.00	\$1,040,000.00	77
TOTAL		\$1,040,000.00	\$1,040,000.00	

Recommended Motion:

I move that AORCC recommend that the Arizona State Parks Board approve funding for the 2025 State Lake Improvement Fund grant application(s) as follows: Mohave County, Rescue Boats and Equipment Purchase Project in the amount of \$_____.

Prepared by: Mickey Rogers, Chief of Grants and Trails, Arizona State Parks and Trails

Approved:

Bob Broscheid, Executive Director

2025 State Lake Improvement Fund Grant Application(s)

Sponsor: Mohave County

Project: Rescue Boats and Equipment Purchase

Grant Request: \$1,040,000.00

Match: \$0

Total: \$1,040,000.00

Mohave County is seeking funding for three boats. One is a sonar/dive boat which is dual purpose boat for rescue and recovery efforts and also used for daily patrols when more than one boat is needed during heavy use. They are requesting funding for a patrol boat that would be used daily patrols and finally are requesting funding for a jet boat that can be used in shallow water. The funding request also includes radios to be used during patrols and rescue. These boats will replace part of their fleet that is well over the useful life and unreliable.
