Of the three (3) forms remaining you only need to enter information on two (2) of the forms: **DETAILED EXPENDITURE RECORD** and the **CLAIM SUPPORTING DOCUMENTATION**. The last form listed –**UPDATED BUDGET** –provides the most up-to-date budget and will update after you complete the previous two forms (DETAILED EXPENDITURE RECORD & CLAIM SUPPORTING DOCUMENTATION). This last form does not require you to do anything except to review and "Mark as Complete."

The **DETAILED EXPENDITURE RECORD** (DER) is not that different from the old process using the excel spreadsheet. The big improvement: Every single approved *Scope item* and associated *Breakdown item* from **your** project will be listed in a drop-down box –that way you simply select the scope and breakdown item that matches the cost you are submitting in this request.

#### Completing the DER:

•DATE: Indicate the date shown on each expenditure. If you are submitting for a group of volunteers that performed work over an extended period list the beginning date only. To enter a date click on the calendar icon -a small calendar will appear use symbols >>; << to move year-to year; use < > to move month to month.

•INVOICE NUMBER: Enter the number shown on the invoice as assigned by the vendor. In the case of a contractor's statement, enter the number of the statement as assigned by the contractor. If the value of in-kind labor for staff and/or equipment is being claimed, enter the payroll or voucher number related to the claim (If applicable). For community volunteers and any other activity that is not issued an invoice write "NA" in the space provided.

•VENDOR: For each invoice or cost item, provide the name of the individual or company from whom the goods or services were purchased. When listing in kind labor, volunteer labor, donated equipment, or materials, enter the name of the activity (volunteer, equipment rental...)

•AMOUNT PAID Enter the amount of the actual cost or expenditure which is eligible for reimbursement. If a portion of the invoice was paid and reimbursed under a previous payment request, list only the amount for which you are now seeking reimbursement.

MATCH (DONATED): Enter the amount of the actual cost or expenditure which is eligible as grant match.

•CHECK NUMBER: List the corresponding check number which was used to pay for each cost item listed. Write "NA" if the entry was not an expenditure (i.e. volunteer match). If another payment type was used you may write the type (credit card...)

All reimbursment requests must contain: 1. Proof of Payment

.....

Match. Each reimbursement request requires a minimum of 5.7 % match (Donation) - 5% of which must be nonfederal. Because of this requirement we need to select a Breakdown Item related to some kind of a donation. If you have incurred an expense but haven't incurred any donation-related costs please do not submit a claim.

Note: Recall on the Detailed Expenditure Record (DER) form you just completed that you had a similar screen when clicking on "ADD." A drop-down feature listed every one of your approved scope items and breakdown items. This form is similar except it does not list your Breakdown Items -only the list of Scope Items is provided. You will select the applicable Scope item and then type in the associated Breakdown Item. For our example -we are submitting costs for the Scope Item -Provide & Install Trail Signs and the 2 Breakdown items are Trail Marker Decals and Volunteers.

Important: Please do not change or abbreviate the name of the BREAKDOWN ITEM. Type exactly what is listed on your Budget.

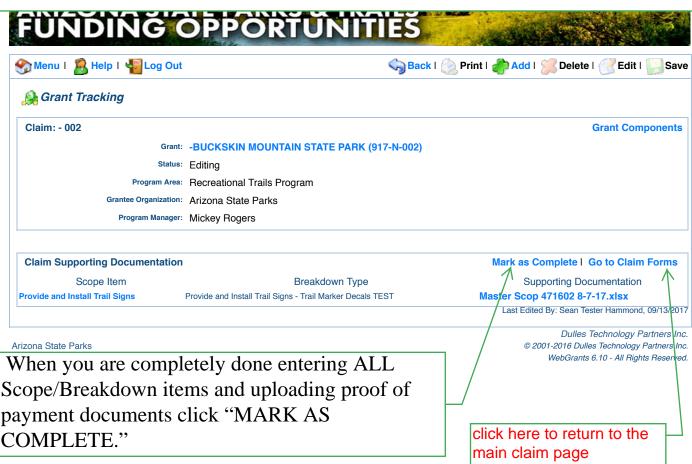

We recommend that you first upload your original budget. You can locate the approved Budget by clicking GRANT COMPOENENTS - this will take you to the list of all grant forms. Download the Budget, save it to your desktop or print it and have it as a reference for sections such as this.
