

Hi my name is Jack. I am going to tell you about my story when I was in a cave. When I was in my room, my mom called me to eat breakfast. While I was eating I asked my mom if I can go to the park. My mom said "sure." When I was done eating my food I brushed my teeth and got ready. I said "bye" to my mom. I was walking to the park I fell in a hole. It took me to a cave. I was looking around I saw a bright light. I followed the light I was gold and gems. I was so happy to find gold and gems. I had my backpack with me. I put all the gold and gems in my backpack I took them with me. My mom loves gold and gems. When I got back from the park I showed my mom what was in my backpack. She saw the gold and gems. We were making cool crafts.
