The National Forest Foundation

Rebecca Davidson, Director, SW Field Program

National Forest Foundation

Working on behalf of the American public, the NFF leads forest conservation efforts and promotes responsible recreation.

We believe National Forests and Grasslands are an American treasure and are vital to the health of our communities.

How We Work

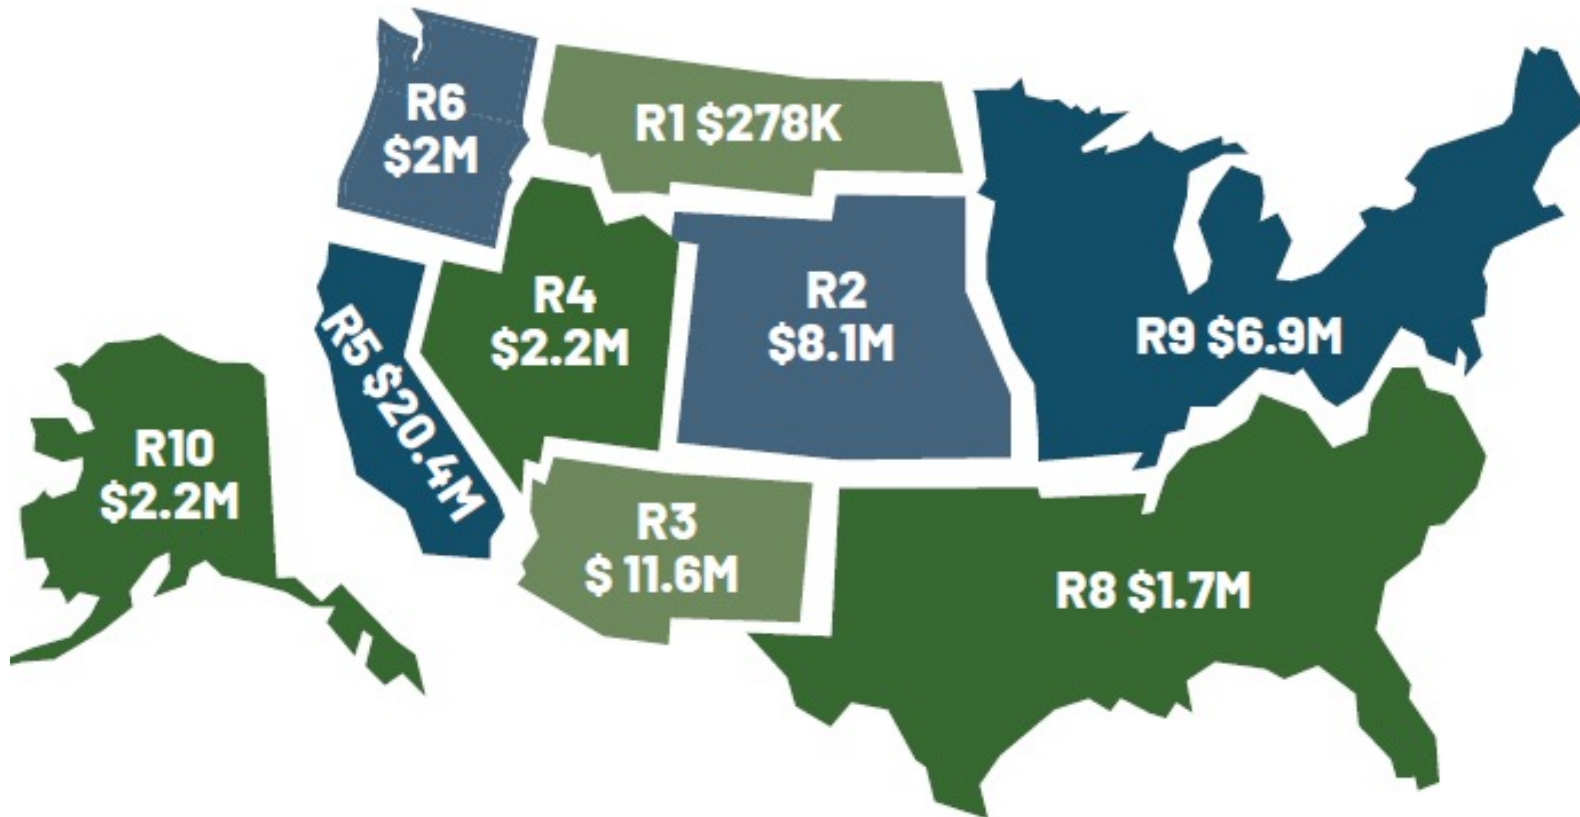

- Governed by a private **Board of Directors**, and in coordination with U.S. Forest Service leadership through a **National Forest Leadership Council**, the NFF seeks to align its projects and programs with U.S. Forest Service priorities and local community interests.
- The NFF serves different roles depending on the project and Forest Service needs and community interests – facilitator, implementer and/or funder.

How We Are Funded

- The NFF is a 501(c)(3) nonprofit organization.
- **We raise a majority of our funding (typically over 2/3 of total revenue) from non-federal funding sources including corporations, foundations, individuals, and state and local governments.**
- The NFF receives an annual appropriation from the U.S. Forest Service (typically ~ \$3M) and project-based funding via partnership agreements.
- Almost all U.S. Forest Service funding is invested directly in on-the-ground projects via grants and contracts.

Total Investments Over Last 5 Years

NATIONAL STRATEGIES

Enhancing Outdoor Experience

Improving Forest Health

Partners Across Forests

Tree Planting Program

- An effort to plant 50 million trees across our National Forests by 2023.
- A way for corporate partners to team up with the NFF make a significant difference for our National Forests

50 Million For Our Forests

Other National Programs

Matching Awards Program (MAP)

- Provides funding for results-oriented on-the-ground projects that enhance forest health and outdoor experiences on National Forests and Grasslands.
- National competitive grant round 2x per year
- Requires 1:1 match (private dollars)

Matching Awards Program

NFF – AN ALL IN APPROACH

Partners Across Forests

NFF Project Life Cycle

Work with Forest staff and community partners to identify 'ripe' projects and develop a proposed plan of action

- Shovel ready
- Collaboratively identified
- Value add to Forests and Communities
- Fits NFF Strategies and Program Objectives

Identify funds available to support project and match

- **Forest or other Federal Sources**
- **State or local government**
- **Corporate or Business**
- **Private or Foundation**

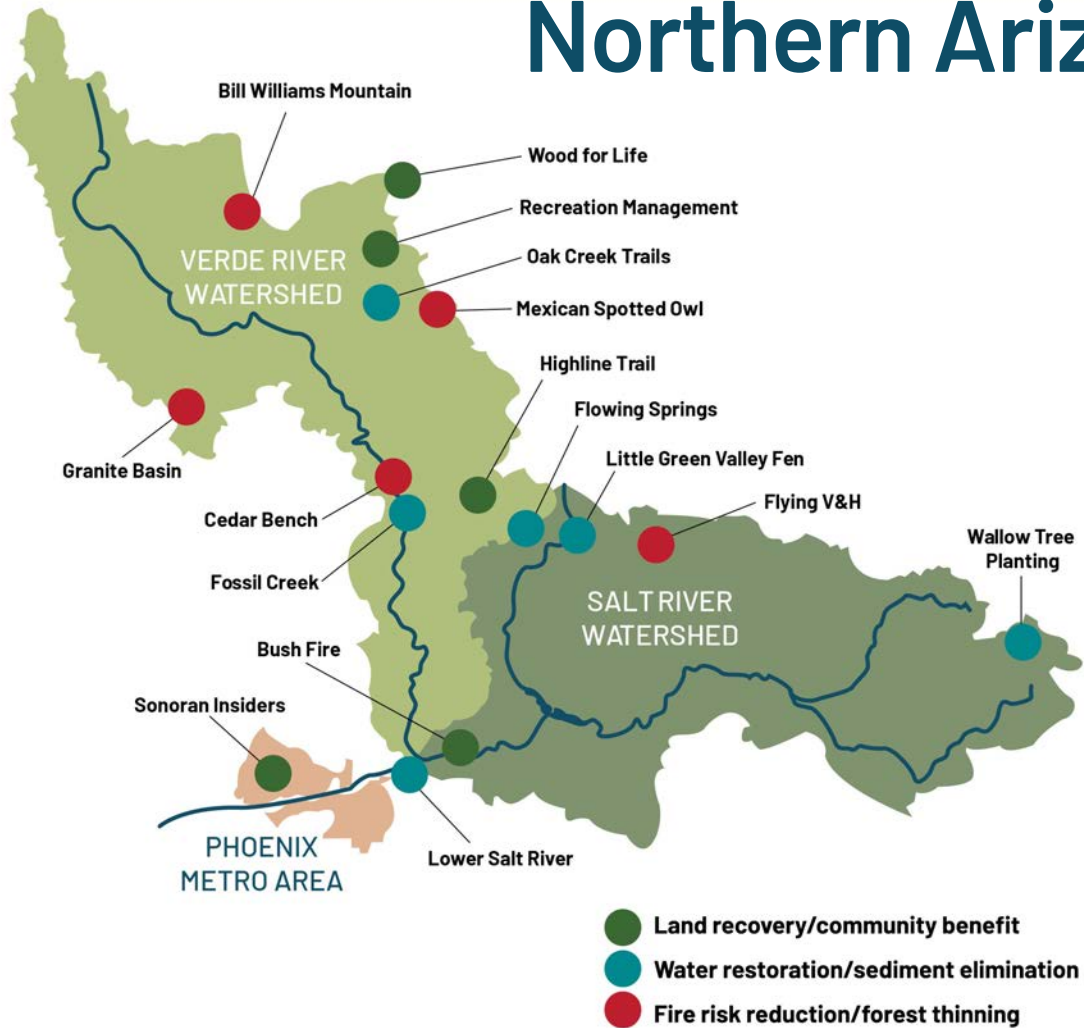

Implementation

- Develop appropriate agreements with the USFS
- Issue grants and contracts to implementation partners
- Oversee and manage on-the-ground activities and volunteer efforts
- Monitor and report project accomplishments

2020-2021 Projects

Northern Arizona Forest Fund

NFF's Partners in Arizona

Partners Across Forests

Why Partner with NFF?

- NFF works to ADD VALUE where the Forest may not have staff or resource capacity, or where the Forest may not have all the funds needed to implement a priority project
- We are led by community interests and collaborative approaches
- High-leverage investments; NFF generates \$4 in conservation value for every federal dollar invested
- It takes a village to enhance and restore our public lands

Thank You
