Hiking Trails

Dos Arroyos Trail: A 1.75-mile loop trail that begins at the east end of the pond and leads to the Dankworth Village Trail.

Dankworth Village Trail: A 0.4-mile trail that leads to Dankworth Village and connects the Dos Arroyos Trail to the Far Loop Trail.

Far Loop Trail: A 0.3-mile loop trail that leads to a riparian habitat for many plant and animal species.

Dankworth Village

The Dos Arroyos Trail leads to a recreated Native American village. This village contains replicas of dwellings, grinding stones, roasting pits, and other tools and artifacts used by a variety of southwestern native people. The village demonstrates the changing lifestyles starting with prehistoric peoples and going through to Mogollon tribes.

This part of the park is located on property managed by the Bureau of Land Management (BLM) and is operated through joint efforts between BLM and Arizona State Parks & Trails. This area is often used to educate local school groups about Native American history.

Fishing

Catch the limit of bass, bluegill, catfish, and trout. A valid Arizona fishing license is required for anglers 10 years and older. The park has a fishing dock.

Wildlife Viewing

Dankworth Pond is an excellent place for bird watching. Species commonly seen are Gambel’s quails, redwing blackbirds, yellow headed blackbirds, great horned owls, cardinals, flycatchers, kingfishers, mallard ducks, grebes, egrets, herons, and mergansers.
