

**2020 Arizona Archaeology and Heritage  
Awareness Month -- March 1 - 31, 2020  
Electronic Listing of Events\* Activity Schedule Form**

Please provide the following information for the Listing of Events that SHPO will use to advertise the activities that will take place as part of 2020 Arizona Archaeology and Heritage Awareness Month (AAHAM). If possible, we encourage that these events be kept free of charge or, at a minimum, regular entry fee charges could apply (if at a park, museum, or similar facility). If a special event (i.e., not part of regular programming) is planned, we recommend that the event be free of charge, if possible. All excavations being featured must meet state and /or federal (Secretary of the Interior) standards for archaeological investigations. SHPO vets all submissions.

This information must be submitted to the SHPO. Please fill out one form for each activity, in as much detail as possible, and return to:

State Historic Preservation Office / Arizona State Parks
