Instructions

Check here if this is an education only project and no disturbance will occur (Note: installing signs & trash-removal are considered disturbance)

In Arizona, the Arizona Department of Transportation (ADOT), the Federal Highway Administration (FHWA) and the State Historic Preservation Office (SHPO) participate in a process to determine the effect, if any, a proposed project may have on significant archaeological and/or historical cultural resources. Significant cultural resources are those that are eligible for listing on the Arizona or National Registers of Historic Places. Each grant application recommended for funding will be reviewed as part of this process. To assist in this review, the applicant is required to submit the following information with each application for funding assistance.

For additional instructions on how to complete this form, please follow the attached links :

[Grants Manual](#)

If these documents are missing, your project cannot be reviewed, and your application and funding will be delayed.

Is the applicant a signatory to the Programmatic Agreement Pursuant to Section 106 of the National Historic Preservation Act Regarding Implementation of Federal-Aid Transportation Projects in the State of Arizona (PA)?

If an agreement allowing you to develop/maintain that ASLD-owned parcel exists between your agency and ASLD please attach document directly above (Additional Documents). If no agreement is in place or the agreement has expired please stop working on the application and contact ASPT to discuss issue. Projects must be shovel ready-if you do not have permission from all land managers to conduct work your project is not shovel ready.

Estimate horizontal and vertical extent of existing disturbance

Has the project area been previously surveyed for cultural resources by a qualified archaeologist?

Please submit a copy of the survey report. Please attach any comments on the survey report made by the land managing agency and/or SHPO
